DENK.MAL II: 268.5 sqm, up to 200 people, ground floor, daylight, WiFi, variable lighting scenarios, blinds, air condition, projector, screen, terrace.

Get away from the office routine and open yourself to unusual perspectives, in a place with lots of light and air for a new, creative viewpoint. In Denk.Mal, the Gastwerk Hotel's spacious conference area, you will find inspiration

and concentration for successful meetings away from the daily routine, no matter if small group think tank or motivational conference with up to 200 participants. Lack of ideas? Then meet our artist in his artroom.

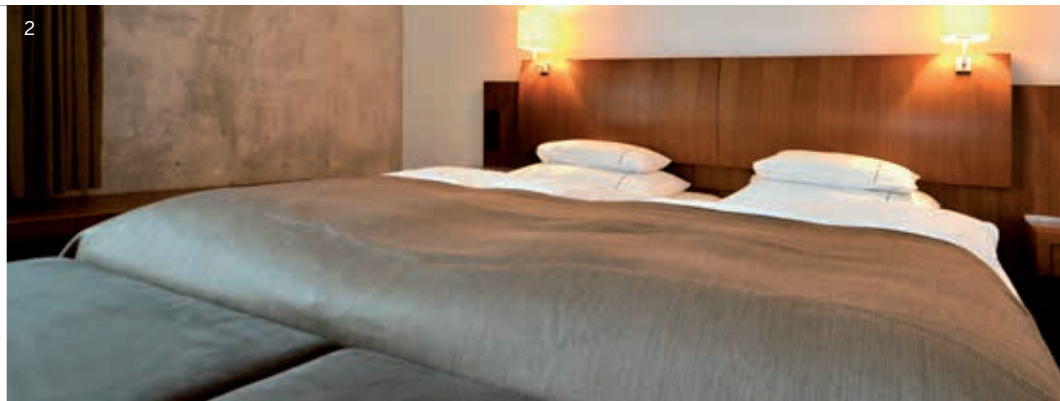

Our meeting rooms, flooded with light, varying between 50 and 268 sqm and five group work rooms, varying between 20 and 30 sqm, combine the most modern conference technology with the unique, historic atmo-

sphere in a perfect, prize-winning symbiosis. And thanks to the Denk.Mal hall and the vast open spaces of the hotel itself, even the session breaks turn into rich creative workshops!
